

LOCAL HAPPENINGS.

Items of Interest to People of the City and Surroundings.

Miss Sue Liddon, of Starke, is visiting relatives in this city.

A little son arrived at the home of Mr. and Mrs. Sim Lummis Tuesday morning.

Mrs. J. W. Ward, jr., and child, of Floral City, spent awhile in Ocala Tuesday and left over the noon train for Jacksonville.

Miss Julia Mayo has gone to Jacksonville and will be the guest of her brother, Mr. Ben F. Mayo in Springfield for a week or ten days.

Mr. and Mrs. J. A. Crosby, of Micanopy, who are attending the Baptist convention in this city are the guests of Mr. and Mrs. T. C. Hall.

Miss Annie Feinberg, of Dunnellon, passed through Ocala Tuesday afternoon en route home from a visit to New York and other places in the north.

Mr. and Mrs. D. E. McIver returned home Tuesday afternoon from a month's charming visit to New York, Philadelphia, Washington and other cities.

Mr. A. C. Finzel came in yesterday afternoon over the Seaboard from the Jacksonville carnival and left over the A. C. L. for his home at Weirsdale.

Mr. and Mrs. H. C. Groves and Mrs. T. E. Biggs, who for several weeks past have been enjoying the World's fair at St. Louis, returned home Tuesday.

Mrs. Clifford E. Herrick and little daughter, Eunice Amy, of Crystal River, spent yesterday in Ocala and while here were the guests of Miss Mary Anderson.

Among the prominent visitors to the Baptist convention are Rev. and Mrs. L. D. Geiger of Apopka. They are being entertained by Rev. and Mrs. M. S. Moser.

Mr. L. M. Graham, of Grahamville, was here Tuesday to meet with the Confederate veterans to complete arrangements for the re-union to be held here next week.

Hon. John B. Floyd, formerly of Irvine, but who now resides in St. Augustine, was in Ocala Tuesday and left over the afternoon train for Jacksonville and his home.

Miss Eulalee Izlar left yesterday for Savannah, Ga., Knoxville, Tenn., and Spartanburg, S. C., where she expects to visit friends and relatives for a couple of months.

Mr. Richard Taylor, of Bayport, formerly of this county, was among the visitors to Ocala Tuesday. He has been living at Bayport for the past two years and is enjoying very robust health.

I. Dodd Israel, of Philadelphia, is in the city for a few days in the interest of his jewelry house. Mr. Israel is well known throughout Florida, having formerly lived in Ocala. —Tampa Tribune.

Miss Jeffie H. Bell, city editor of the Tallahassee Capitol, who has been the guest of her brother and sister in this city for several days, left yesterday for a brief visit to Jacksonville before returning home.

Party enthusiasm is growing apace. The associated press dispatches announce that Mrs. Parker and her daughter attended a democratic rally the other day and both are sanguine of the judge's election.

Miss Lillie Carlton, who has been visiting at Mr. J. W. Stevens, returned to Ocala last week, where she will spend a while with relatives before going back to Arcadia.—Fort McCoy items in Jacksonville Metropolis.

Dr. A. McBride, wife and little son returned Saturday from Asheville, N. C., and are now at their home in Holder. The health of the doctor has been considerably improved by the stay in the mountains and we hope to see him entirely well in a few weeks.

Mr. Henry Gordon, democratic nominee for sheriff, came up Monday from Dunnellon, and went on to the metropolis to attend the carnival.

Mrs. M. Fishel and son, Leon have returned home from Wetumpka, Ala., where they have been spending the past few weeks with relatives.

Mrs. R. C. Burt, of Ozeo, spent a few hours in Ocala Monday morning and left on the afternoon train for Jacksonville to spend the week.

Describing a marriage one of our exchanges says that the bridegroom is a successful farmer and phosphater and the bride an attractive and handsome widow.

During the confederate reunion to be held in Ocala the first of next month, Miss Julia Stockton and Miss Kate Freeland will be the guests of Miss Violet Harris.—Times-Union.

Surrounded as it is with so many turpentine farms and phosphate mines a tannery and shoe factory would pay well in Ocala as would also a factory for the manufacture of cheap clothing.

Col. Carlos L. Sistrunk, one of Ocala's brightest young lawyers, who will represent Marion county in the lower house of the next legislature, was in the city yesterday and stopped at the DeSoto.—Tampa Tribune.

Mrs. D. A. Clark and baby, who have been in the mountains of Tennessee for several months, passed through Ocala Tuesday on their way to their home at Martel. Mr. Clark went up to Jacksonville to meet them and accompanied them home.

Major L. T. Izlar, who has been in South Carolina for several weeks on professional business, returned home Tuesday afternoon. He was accompanied by his little grandson, Samuel Izlar Buist, who will spend the winter in Ocala with his grandparents.

Mr. Trumper Berry, the young man who was thrown from his horse near Sharpe's Ferry several days ago and who was brought to the Marion county hospital for treatment, died from the effect of his injuries early Saturday morning. The remains were laid to rest in Ocklawaha cemetery, near his home. He leaves a wife and three children to mourn his death.

An Ocala mother who responded to repeated calls of distress emanating from the back yard yesterday afternoon found her two young "hopefuls," one of whom was in tears. "What's the matter?" she asked. "Why, we're just playing war," the elder replied, "and Tommy's Russia." A "peace conference" speedily brought hostilities to a close.

Miss Louise Harris returned home Tuesday afternoon from a two week's visit to Worthington Springs, Lake City and Jacksonville. At the first place she and Miss Grace Hatchell were the guests of Miss Hatchell's grandmother and at Lake City Miss Harris was the guest of Dr. and Mrs. Andrew Sledd of the University of Florida and on her way home she stopped over in Jacksonville for a day and took in the carnival.

Mr. and Mrs. Norman Kerr, who have been the guests of Mr. and Mrs. D. S. Woodrow for the past ten days went down to Weirsdale Tuesday afternoon. Mr. Woodrow accompanied them down to the lake and returned home Wednesday. Mr. and Mrs. Kerr are a pleasant Scotch couple, who are making their home in Cuba. They expect to spend some time at Lake Weir before returning home.

Many Mothers of a Like Opinion. Mrs. Palmer, of Cordova, Iowa, says: "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by all druggists.

ALADINISM ECLIPSED.

Run of 2500 Miles Without Water, Fire Smoke or Cinders.

NEW ORLEANS, Oct. 25, 1904.

Special Correspondence Ocala Banner.

The application of the use of crude oil in locomotives engines, now confined to the railroads operating directly through the great oil fields of Louisiana, Texas and California, is likely to spread over the entire south and railroads using coal burners in in Mississippi, Arkansas, Tennessee, Alabama, Georgia, Florida, North and South Carolina, and the eastern and seaboard states, bid fair to become users of oil for fuel for the first time in railroad history, and cause a revolution in the method, cost and novelty of railroad operation in the department of motive power.

The direct cause of this new field for the use of fuel oil is due to the announcement just made that a locomotive engine is being built, which can operate for a distance of several thousand miles without renewing oil and wholly without "fire, water, smoke or cinders," and the "steamless locomotive" is a real thing of the near future.

The news of this novel feature of locomotive construction was received in New Orleans by a leading railroad operative, coupled with the announcement that the Southern Pacific railroad has contracted for one of the "steamless locomotives" of the Diesel type of engines and the blue prints of the Hoadley-Knight patent are now in the hands of the mechanics. The American Locomotive Works of Schenectady, N. Y., are building the trucks and frame; the Corliss Engine Works of Providence, R. I., owned by the International Power company are building the Diesel engine equipment and the General Electric Company are building the electrical parts.

Heretofore Louisiana, Texas and California have enjoyed a monopoly of oil burning engines, due to the fact that crude oil was immediately accessible, but the newly designed locomotives is very much like the camel of the desert, as it requires but one stock of fuel to last for days. This marvelous result, it is claimed, is due to the "perfect internal combustion" and the conservation of energy. This means that there is no loss of power, as now, by the escape of steam, smoke and other elements of energy. The tendency in mechanical construction has been along these lines for several years. One of the most pronounced results being the use of oil burning locomotives between New Orleans and San Francisco, and though this has been a striking advancement in modern railroad travel, these engines still are lacking perfection. It was Joseph H. Hoadley, "Hoadley of international power fame," as his enemies call him, who is the inventor of the new railroad wonder.

Many forms of the Diesel engine are now in use, but the new locomotive is the most advanced application of the principle to railroad work that has ever been brought out. When it is remembered that no change in the basic principle of locomotive construction has ever been made, the importance of the Hoadley locomotive and the great interest railroad men generally are taking in it, become easily understandable.

The first locomotive thus constructed is expected to carry sufficient crude oil for a run, without a single stop of 2500 miles, and that too without smoke, without fire, without cinders and without water.

WALTER PARKER.

OUR SPECIALTIES

LADIES' READY-MADE GARMENTS

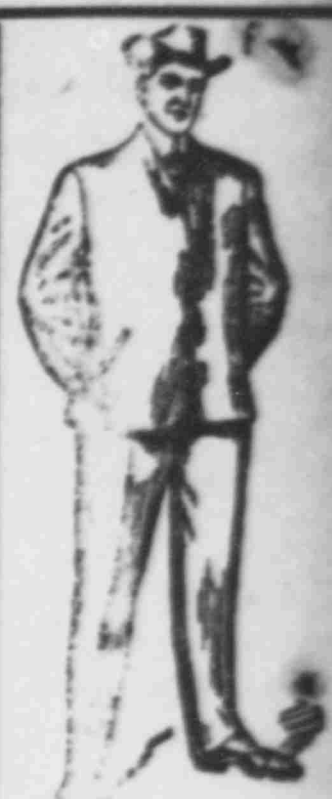

A beautiful line of Shirtwaists.
An exquisite line of Dress and Walking Skirts.
An endless variety of Jackets and Cloaks in the latest styles.

GENTLEMENS' READY-TO-WEAR CLOTHING

Ocala Loses Mr and Mrs Denby.

Mr. and Mrs. W. J. Denby have returned to this city from Ocala, after several months spent in that city. Friends will be pleased at the information that Mr. Denby has accepted a position with the Gainesville Furniture Company and that he and his estimable wife will again make their home here.—Gainesville Sun.

Ocala regrets exceedingly to lose Mr. and Mrs. Denby from her midst. Mr. Denby has for some time past been with the Marion Hardware Co.

Missionary Meeting.

A Union Missionary meeting was held at the Presbyterian church at 2:30 yesterday afternoon under the auspices of the Woman's Missionary Society of the Baptist church. Miss Spalding, of DeLand, a prominent missionary worker, was present and delivered a splendid address. The meeting was well attended and the services were both interesting and beneficial.

A Prominent Trainman.

The many friends of G. H. Hassen, engineer L. E. & W. Railway, at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He says: "I was cured by using Foleys Kidney Cure which I recommend to all, especially to trainmen, who are similarly afflicted." Postoffice Drug Store.

Cadets from Lake City.

The band and battalion of University of Florida cadets, which acted as the special military escort to the royal party last night, arrived in Jacksonville on a special train from Lake City yesterday afternoon.

The boys are quartered in the Duval county armory and are making the best of their temporary vacation. They are a fine looking, manly set of young men, and a credit to the state.

The cadets will stay here several days and are bent upon having a good time. They are a gentlemanly set of young men, and Florida may well be proud of them. The people of Jacksonville have only words of praise for the cadets of the University of Florida.—Times-Union.

STRAYED—One white and yellow or fawn colored cow. Likely to go towards Gainesville. Liberal reward to anyone who knows anything of her whereabouts. Address L. W. Johnson, 284 Ft. King avenue, Ocala, Fla. 10 26 3d 1w

WANTED—A good turpentine woodsman at once; one that can bring some hands and control labor; no whisky drinker need apply. Address E. J. and H. C. Register, Brownville, Fla.

Eggs are selling for fifty cents a dozen at Dunnellon.

LUMBER!

ROUGH and DRESSED

Dry Siding, Flooring and Ceiling.

B. H. Seymour, Ocala, Fla.

FOLEY'S HONEY AND TAR

Plantation for Rent
For 1905

The property belonging to the estate of Abram Martin, situated in the eastern portion of Sugar Hammock, comprising a plantation of about 500 acres under fence (a new wire fence), about 350 acres of which are in fine state of cultivation, is for rent next year. These lands are regarded as of the best quality and are well adapted for the cultivation of all the crops produced in this section. Apply to
